Once students pay the housing reservation fee, the admission department provides login information to the college's intranet, MySCAD. New entering students who have paid the housing reservation fee may indicate preferences online by visiting MySCAD at http://myscad.scad.edu. Students will be notified of their assignments approximately one month prior to the first day of the quarter. If you have any questions regarding the housing process, contact residence life and housing in Atlanta (atreslife@scad.edu or 404.253.3256) or Savannah (savreslife@scad.edu or 912.525.7000).

5. Read the information regarding the housing license agreement. We encourage you to print this page for your records.
6. As you read each section, type your initials in the box after each section. Students are responsible for reading the license agreement in its entirety prior to agreeing to it.
7. Once you have read each section and typed your initials in the appropriate boxes, click the button next to I agree at the bottom of the page. (By selecting I agree you are agreeing to the SCAD housing license agreement for the period of time outlined in the agreement.)
8. Click the Next button.
9. Submit your personal preferences. The preferences indicated are used to determine hall placement, roommate selection and other factors. It is very important for students to answer these questions honestly and completely when selecting housing preferences. Click Continue when you are finished.
10. Enter your living preferences, which will be used to determine hall placement based on the spaces currently available. Select a choice number. You must select a number that has not already been used. If you wish to change a previous selection, first remove it before adding a new one.

Submitting roommate requests

In order for your specific roommate request to be considered, it must be made online and must be mutual among students.
1. Log on to MySCAD with your nine digit ID and password.
2. Select the My Info tab near the top of the screen.
3. Locate the residence life and housing channel and select the MyHousing link.
4. If you have not completed your housing application, MyHousing will not be visible. See the instructions above for the steps to complete your application.
5. Click on room selection on the left side of the page.
6. A submenu will appear to the right. Click on roommate selection.
7. Type in the student’s last name or ID number. If the person you wish to request as a roommate does not appear, they may not have paid their housing reservation fee yet. You may add up to three roommate preferences. Click request student as roommate after each name.
8. Each roommate must follow the same procedures to ensure it is a mutual request. Non-mutual requests will not be honored.
9. If does not match appears next to your requested roommate’s name, that student has not completed the roommate request. Contact your requested roommate and encourage him/her to complete this information.
10. On this same page, you may remind your requested roommate to also request you by clicking Remind next to his/her name if does not match is listed by his/her name. This will send an automatic e-mail to your requested roommate to log on and complete the process.
11. If Match appears next to your requested roommate’s name, you and your requested roommate have submitted the request.
12. Click on the Home/Overview link to review your roommate preferences. You and your requested roommate(s) will receive a confirmation e-mail verifying your request.
13. Log out of MySCAD and close the browser window.
